Dear Club Secretary

Re: Compliance Year

As you would no doubt be aware, information from FAR has stated that the compliance year for the next 12 months will go from 15 April 2022 to 15 April 2023.

We are aware of how crucial it is to have the compliance year be brought back to November to October the following year, to bring into line the end of the compliance year and the financial details that have been over the years written into constitutions, by-laws, and due dates for capitations.

We have already had further discussions with FAR to achieve this end, and as was stated in the last letter from the NSWAPA, we will not know the details of how they intend to achieve this.

Rest assured we do understand how important it is to revert back to our previous compliance dates.

And as previously stated, we should know the full details in early June this year.

Kindest regards

A handwritten signature in cursive script that reads 'Brian Cheers'.
